## Customer Reviews

Excellent book. I've studied several commentators on the Bible, so I was familiar with some of the connections in this book. Yet, I found several pieces of new information to add to my Bible notes. The connection of the new testament covenant and old testament covenants linked with Israel's historical ideologies is awesome. It's written well and easy to follow.

Well written because it was well researched. I will continue to review and reference this work finding it useful and foundational to the ministry

Absolutely fantastic. Thanks to this book it all makes sense now. Great read I could not put it down.

Nothing to write home about

Great book.

I recommend this book for EVERYONE...Christians and skeptics alike. It is well-thought out and presents a logical sequence of events. This would be an ideal gift for parents or grandparents to give a child in the family who needs some guidance. It would also be a good gift to someone you know who has some serious questions about whether the Bible is true, what a person's destiny and purpose are, or which "religion" to follow.

I have read this book many times and I always gain a deeper understanding. The blood covenant is the basic building block of Christianity and when you see it from Genesis through Revelation it's one of the most exciting things you will ever experience. Dr. Booker explains it so "even a cave man" can understand it. I use it to disciple people and lift the hearts of believers. This book is a "must have" for your library. I always have several copies on hand to share or give away. It's an indispensable tool. Thank you, Dr. Booker.

Never read a book that made the Bible so clear to understand and who would have known it had to do with understanding the blood covenant that God set up with man before God even created man. You won't be disappointed by reading this, I promise.
