Lunch Lady And The Field Trip Fiasco: Lunch Lady #6

Synopsis

Lunch Lady and the Breakfast Bunch are on a school field trip to a famous art museum. But while Lunch Lady is busy taking in all the culture, the kids have caught onto something strange—some of the artwork looks suspiciously fake! Now Dee, Hector, and Terrence are determined to get to the bottom of this conspiracy, but Lunch Lady is too awed to catch on. Will she snap out of it and come to the rescue? Or will the Breakfast Bunch have to handle this operation alone?

Customer Reviews

The Lunch Ladies are reliably funny, creative and allied with the forces of justice. The situations become more and more fantastic as the story goes on, which keeps them from being frightening. Odd tools are required, and the lunch ladies always have what's needed, in the form of some food or kitchen implement - a spatula-copter, or powdered eggs for the fire sprinkler system. The lunch ladies always manage to capture the bad guys and stop their evil schemes. Good fun!

My son loves these books

You will find the Lunch Lady a great transition for kids who are ready for a change from picture books to chapter books.

I bought a bunch in this series for my class library but the humor I find in Baby Mouse and the Squish series just isn't there. I read this series with my child. They were popular in the school library but I didn't find them that engaging as far as purchasing and reading these in comparison with some of the other series I bought. Good concept but needs to be funny!

My son loves these books. As a new reader I'm happy to have found a series that keeps him interested in practicing his reading!

The best book for readers at the 1st grade reading level it is appealing and interesting and they will read it all day.

This was a gift for my grandson age 8. He is entertained by the action, the comic book like illustration and the storyline keeps him interested. We read this series when we are together to enhance his reading skills and I believe he is all ready bitten by the love of reading and this book and others like it helped that along.

Got my boy who hates reading to laugh out loud!! Loved it
