Manifestation of any desire can be brought into fruition with the right frequency and this is exactly

what Linda West lays out in this book *The Frequency*. I have been exploring metaphysics and the powers of the mind for some time. What I have discovered on this journey we refer to as "life" is that the right information comes to us in perfect timing. It is recognizing these synchronicities that we open the door for more magic into our lives. West details five easy steps a person can take to manifest just about anything in your life. It is all about getting on the same frequency of your desires. I am a big dreamer, so after reading her book, I took some time to do what she suggested:- Taking a closer look at my goals and dreams...are they too big? Do I really FEEL that these things could happen for me? That very question caused me to examine what my true feeling were in relation to my intentions. Secondly, I was missing a vital step that West points out in this book: getting to the highest frequency possible. What is getting into this frequency and how can one do so? West answers this questions as well in a way that is so simple, I don't know why I didn't know this from the jump. I don't want to provide any spoilers, but I know that this book has made some major changes in my mindset and I have re-tuned my frequency to manifest even the smallest things. For example, I was eagerly awaiting a package that was suppose to arrive in late November. What I did was change my feelings of anxiousness to sheer happiness about having my product sooner rather than later. Low and behold, the package arrived today! This has done nothing but encourage me even more to manifest other things into my life. This was an absolutely great read with simple steps to attaining what makes us happiest in life. But it is not in these "things" that we find happiness, but the wealth and happiness starts within ourselves. The "things" are merely that...things! As West puts it, "Like attracts like". Highly recommend to anyone who finds themselves stuck when it comes to manifestation or those who are just curious. Linda West is a genius and I am so grateful to have had the chance to read a book that has taken my frequency to a whole new level.

This Author captured my attention at the very beginning, showing you how to find your blockages and freeing yourself from mistakes of your pass. She showed that she took her time explaining the procedure so all could understand, great job!

This book met me right where I was at on my journey to escape fear and make choices that feed my soul .

A quick read, good for a tune up if you are already knowledgeable about manifesting. If not there are books out there that would better suit you to get you on the manifesting path.

I enjoyed Linda's book, easy to follow, not to mention her well meaning character Well done Janet

I am working on applying her information.

This book is great and really helped me understand manifestation as a science! Thank you for this book, helped a lot!

Amazing book!! I have read so many LOA books but this one gives the gist of all in a simple and effective way!! Thanks Linda
