# **Experiencing The World's Religions: Tradition, Challenge And Change**

## Synopsis

Experiencing the World's Religions provides a clear and compelling account of religion as a diverse, lived experience by peoples around the world. Global in its coverage, the text conveys the vitality and richness of the world's religions as a living cultural wellspring that not only concerns systems of belief but how those beliefs are expressed in ceremonies, food, clothing, art, architecture, pilgrimage, scripture, and music. The text demonstrates why an understanding of the world's religions enriches our lives. In an engaging narrative emphasizing the experience of religion, the text takes students on a personal voyage through doctrines, history, the religiously inspired arts, ceremonies, and everyday expressions of belief and combines these with powerful photographs from around the globe. The text goes beyond traditional approaches to personally connect students with the vitality of the great religions and how they reach into the lives of individuals and the culture at large. This fourth edition has been thoroughly updated in both content and illustration, to address recent world events and political changes, and provide additional insight into current theory and practice.

## Customer Reviews

Perfect for my online class. I don't like reading textbooks on the computer screen. Super fast shipping; would definitely order from you guys again! Thanks!

For a "used - acceptable" book, I expected there to be a few notes in the margins and maybe some

underlining and highlighting. But what I did NOT expect was to find that the front cover has been ripped almost in half, bent, and covered with contact paper(that's peeling off). The title of the book is completely scratched off and there's highlighter markings everywhere and notes up and down the margins. For \$50 I expected more, I returned it and ordered a "used- very good" book. Hopefully this one is better.

My professor allowed me to use a earlier version of the textbook. This version is similar to current expensive version and is affordable.

great product

I found the text to be fairly straightforward to read and informative enough that I feel like I had a good grasp on the different religions that my course covered.

Got this book for a class I was taking. It's so interesting to learn about different religions and cultures and how the religions form and grow. Great for the person taking the course, wanting to know more about religion or wanting to understand more about their own religions origins.

THIS BOOK WAS A REQUIRED READING FOR ONE OF MY COLLEGE CLASSES. NOT SOMETHING I WOULD CHOOSE TO READ BUT IT WAS OK.

my book was highlighted but it did the job! For \$6 you definitely get what you pay for when it comes to textbooks!
