## Customer Reviews

The fourth edition of Coaching Youth Softball was written by the American Sport Education Program (ASEP). ASEP has been developing and delivering coaching education courses since 1981. As the nation's leading coaching education program, ASEP works with national, state, and local sport organizations to develop educational programs for coaches, officials, administrators, and parents. These programs incorporate ASEP's philosophy of "Athletes first, winning second."

I purchased two books simultaneously not knowing what I would get. "Survival Guide to Coaching Youth Softball" I used constantly to give me weekly ideas. This book was very elementary and so basic that I pulled very little from it. It had a few solid points for coaching, especially older kids, but wasn't what I was looking for as a 6U coach.

Helpful for the first-time coach. I'm coaching 7 & 8 year olds, and the book is more toward slightly older girls; but still plenty helpful.

Pretty good book. Some good drills and some great tips. worth a read for sure! Not going to tell you everything there is to know about coaching softball of course, but it's a good supplement.

Good basic book on coaching girls softball. I am a new coach and this has been very helpful in getting me up to speed with drills and how to run a practice.
