A great tool to take with you, I have a few books but this one I have with me if I have my phone with me. So I can interpretate dreams and it symbols at work, with friends etc.It's wise to compare and combine more of dream books (but be aware from what source) you will get a deeper understanding of the dream and its meaning.

For anyone who can discern which dreams are from God, this book will help you interpret symbols in your dreams and it's helpful that each symbol has scripture tied to it so you could reference the bible. Highly recommend for any visionaries like myself

Great book, very clear and to the point on biblical dream symbols. I really like that it references the connecting scriptures. I would love to see more entries.

It's about time the true sons and daughters of God stood up and take back what the enemy has stolen from us. I thank God for Tylor Wolfe, we need more people like minded. God is personal, emotional and vocal but religious lazy people are afraid to find out what he is saying.

I really enjoyed the book it was actually bigger than what I had expected which is great and I would recommend it to others who would want a biblical or spiritual view on dreams!

It is good to have one of this

Not as informative as Divinity code, but good as a backup.

This book supper exceeds all books on this topic because it goes as far as telling the meaning of numbers and colors,well as most books only tell the meaning of dreams only. I would recommend it to all my friends and family members who have interest in this topic.
