Customer Reviews

Completely new selection of guns featured - this book does not repeat the content of other similar volumes by the same author or with the same title.

Bought this as a gift and my husband reads it all the time. The book has a lot of information in it and is heavy!

Great book! Price way below value! Good service!

very good book has everything you need to know

The book gives an overall idea of fire arms made world wide. It is arranged in a systematic order where any gun can be found rapidly making an index un-necessary.

great reference book to have.

Very good clear photos I bought this for drawing them and I bought it from the new and used section.

Very broad and sparse Gun Book. It covers many firearms built in many countries. I'd like to see a "U.S. Only" version of this book.

Illustrated Directory of Guns. Absolutely the best gun book ever printed showing the evolution of Guns from the 1800's on
