Customer Reviews

Helen East is a professional storyteller and author of The Singing Storycloth.

It didn't come with the cd. Like it said.I will use some of the stories and songs

This is one of my favorite books of all time. If you do not read music, you can purchase a tape or CD to go with it. We got the CD from our local library. I highly recommend it to anyone who is not too shy to sing a little bit with your storytelling!

It's got story texts, music, source notes and tips on how to tell these wonderful and varied song-stories: what storyteller could ask for more? The tunes are very singable (now if only offered the accompanying cassette, too!). Some stories are best suited to young audiences, but there's something for nearly everyone in this little collection.
