The Five Love Languages: The Secret To Love That Lasts

Synopsis

Simple ideas, lasting love. Between busy schedules and long days, expressing love can fall by the wayside. We forget to compliment, to give gifts — just because, — to linger in an embrace. The things that say "I love you" seem to either not get said or not get through. This is an audio book about saying it — and hearing it — clearly. No gimmicks. No psychoanalyzing. Just learning to express love in your spouse's language. With over 10 million copies sold, *The 5 Love Languages*® has transformed countless relationships. Its ideas are simple and conveyed with clarity and humor, making this audio book as practical as it is personable. You'll be inspired by real-life stories and encouraged by its commonsense approach. Listening to this audio feels like taking a walk with a wise friend. Applying it will forever change your relationship — starting today. Includes *The 5 Love Languages Personal Profile* --This text refers to the Audio CD edition.

Best Sellers Rank: #1 in Books > Audible Audiobooks > Religion & Spirituality > Christianity #2 in Books > Parenting & Relationships > Marriage & Adult Relationships #2 in Books > Christian Books & Bibles > Christian Living > Marriage

Customer Reviews

It is definitely a good book for couples and it has improved my relationship with my wife. If nothing else it shows you what things your partner is really looking for out of their spouse. I quickly found that my love language was "Acts of Service". Though it might not be sexy or macho to say that, it means more to me to have the dishes and laundry done when I come home after work or have minor home improvements taken care of before I get home. My wife and I have 2 small children and our house is hard to stay clean because every room feels like a mess. We do clean it all the time but

it feels like a losing battle. My wife's love language is "Words of Affirmation". As you can tell from all these reviews I am much more of a writer than I am a talker. My wife is always looking for me to say how much I love and appreciate her because I don't say it often enough. A big part of improving your relationship with your spouse or boyfriend/girlfriend is to sticking with a date night to make sure you have quality time together. Especially if you have children or a high stress occupation. My wife and I have been together for 10 years and got stuck in the rut of an endless routine of doing everything we could for our kids, followed by daily chores and left little time for ourselves.

Committing to 1 date night a week has really helped our relationship and improved our communication. I recommend the book for sure and found it inspiring and worth reading. All couples can benefit from reading this book. The only downside is I wish it could have been a little longer. The stories from the author are interesting and I would have liked to have heard a bunch of his other examples of couples that he has dealt with. It was a short book and my wife and I finished it in 4 or 5 days and that was reading it slowly. The price is easily affordable. I found it best to photo copy the test quiz at the end instead of writing in the book so we can give the book to any family or friends who are struggling with their relationship.

Purchased two books, one for my daughter and one for her boyfriend. They are looking forward in reading this together and have just finished reading and going through, Whatever Is...: A Couple's Devotional for Christian Dating in a Secular World.

Friend recently divorced & it helped her understand a lot of what or why things happen. She's on the mend earlier she feels because of its influence. These books (Five love languages) on children & teens are wonderful too.

Have heard so many people comment as to what a great book this is. I read parts of it while on the plane to a bridal shower, for my future granddaughter in-law. It was a gift for she and our eldest grandson. I like what I read, and it was easy to understand and could be used in all kinds of relationships, not married couples.

One of the best (if not THE best) books on relationships I've ever read. You can apply the 5 love languages to every relationship. Especially wonderful for married couples and for parents to figure out their children's love language. Just remember to speak it!! 

Incredible for learning how to recognize your own love language and that from people around you that you care about. Must read!

I am not a fan of books like this. It seems that there is always some part that just doesn't fit your circumstance or personality. Yeah, that might work for someone but it would be a square peg in a round hole for us. Dr. Chapman however spent years studying people, he's an anthropologist, and counseling them and has come up with five main aspects, he calls them languages, of how people interact with one another in our most intimate relationships, that crazy little thing called love. It's not clinical. It's not technical. It's not a system. In very clear simple language, he defines each love language: Words of Affirmation, Quality Time, Receiving Gifts, Acts of Service, and Physical Touch. Then gives abundant examples from his study and practice. Both successes and failures. He doesn't say do this and all your relationship problems will be solved, he shows what a good relationship looks like, how others have worked on theirs, and tells you: See, it can be done. I think it's the best book on how people interrelate with each other, it helps in all the relationships of life and really does help start healing marriages. It did mine.

I recommend this book to everyone, whether in a relationship or not. It helps you better understand why you aren't feeling validated at work or why you can't connect with a difficult relative, or how to strengthen your relationship with your significant other. In a relationship, it's a great way to understand how the other person is thinking/feeling, and how you can help him/her to feel more loved...and vice versa. Most issues in a relationship can be broken down to the lowest common denominator, and that is miscommunication in the love languages. This book helps you maneuver these issues and strengthen your relationships.
