Customer Reviews

David Allen is a book editor, compiler of some of the best metaphysical books of the last 100 years, an author, a mystic, a metaphysician, a conscious creator.

Compiled and Edited by David Allen. Well this David Allen has done it again,great job. Wish he would allow us to look inside all of his books on Neville Goddard. I am still reading this book,but anything by Neville is amazing. This is a collection of 16 lectures from various years and the 1948 lessons which consist of 5 lessons and 3 chapters from 3 of his books,"The Coin of Heaven, To Him Who Hath, and Consciousness."To have this compiled like is what I have been hovering around in my own mind and thinking and now here it is in a nutshell.Very easy to read,which some of Neville's works can be intense to grasp or if your lucky to get it very easily.

Great read! Powerful words for those interested in living their dreams. The very fact that you have found your way to this book and are reading this review.....this book is for you. Highly recommend.

Love this Neville compilation! Excellent read!

Neville explains the "Image and likeness of God" in which we all have been created; and he explains how to use this gift. A wonderful compilation of his lectures and book chapters!
