Customer Reviews

Great book where you can find recipes to control weight and gain health. I have first hand experience of fasting and fast you can feel lot better. There are number of religions where you can find fasting like Islam has fasting. Ramadan is a month where Muslims fast for whole month.

There are nice and effective tips for consuming reduction here. The benefits of intermittent fasting are just tremendous. You should read about all them. It is very motivative. Meal plans for feast days are simple and tempting. As well as recipes from this book. And the turkey taco is my favorite one.

This book helped me break the yoyo cycle I had been on for several years. I dropped eight pounds and maintaining that loss has been easy, thanks to Kevin's book.

Great info on how to do intermittent fasting and why it works.

An absolute waste of money. Basically cut and pasted anecdotes from pop magazines and lots of inconsistencies. Not real information here save your money and go elsewhere

Good book to learn the basics of intermittent fasting. A very quick and easy read. Very good value for the price.

Great read for beginners. Various methods simplified, meal prep ideas plus pros & cons for each method. Glad I choose it

I liked the detailed explanation for of each type of plan. It was a quick read and easy to understand.
