Natural Lice Treatment: How To Get Rid Of Lice And Nits Without Combing Or Toxic Chemicals (Kill Lice Naturally Without Any Pesticides) (Organic Pest Control)

Synopsis

How To Get Rid Of Lice Overnight With No Toxic Chemicals Learn The Secrets of an Organic Pest Control Expert Everything you've been taught about killing lice doesn't work! Learn how to: Kill Lice and Nits Overnight With All Natural Products You Have At Home Did you know that two common, totally safe household products you have and eat every single day can kill lice faster than any commercial pesticide or toxic chemical, and do it without any side effects? In this book, author Steve Tvedten shares his 40+ years of natural pest control experience so you can get rid of lice fast. Avoid Poisoning Your Kids With Commercial Lice Pesticides and Dangerous Pediculides Not only are most lice now resistant to RID and other chemical lice shampoos, there are now more dangerous lice killing chemicals on the market. Learn how to avoid all these toxic chemicals and kill lice naturally!

About The Author Stephen Tvedten was President of Stroz Services, Inc. (an alternative pest control company) for 25 years and is currently President of Get Set, Inc., an integrated pest management company and is also currently President of PEST (Prevent Environmental Suicide Today) an environmental group, and Steve is the founder of the Institute of Pest Management, Inc., Prescriptive Nutrients, Inc. and TIPM and the Natural Pest Control Association. Steve is the consultant and advisor for Safe Solutions, Inc. Steve is Head of the Advisory Board for the Natural Pest Control Council of America. Customer Reviews

Scam. Worst part when you research the product they endorse it has even worst reviews than this book! Don't waste your time or the 2.99!!!

I got more information here than anywhere else. I have foster kids and lice have been a problem off and on. this was very helpful in understanding the life span of this horrible critter and getting rid of

them

ok

Ad Scam! Written by the consultant for the company (Safe Solutions Inc) which product he is exclusively promoting (Lice R Gone). And guess what ... Combing is a futile, unrealistic solution according to the author (who refers to himself in third person constantly). Everything else is toxic and only his product works. It's like asking McDonald's if McDonald's food taste good. This kindle book is electronic junk. I even returned the free copy and if there is one product I would not try it is Lice R Gone.
