Customer Reviews

DEBRA PRINZING is a regular contributor to the "Los Angeles Times, Cottage Living, Better Homes and Gardens, Fine Gardening, Sunset," and other magazines. She lectures frequently on garden and design topics. She lives in Los Angeles. WILLIAM WRIGHT is an architectural and interior design photographer and a regular contributor to many shelter magazines, including "Old House Interiors, Romantic Homes," and "Sunset," He lives in Seattle.

nice book

My wife and I are moving to the Seattle area from the southeast. She is an amateur gardner so I got this and another book as a gift for her to read. Kind of like a headstart on our new region. It gets 5 stars because she said she likes them.

Useful guide.

Not too many plants included and some are just not appropriate for the area. I guess the author is trying to cover the drier eastern part of the state too.

Very informative & user friendly. Only wish it listed more. She needs to do a Volume 2 version.

This is an excellent, and practical guide for Northwest gardeners. Unfortunately, my copy from has a broken binding.

The title says it all. This book is the best book I've found for quick plant selection. The plants, shrubs, and trees in this book are proven to perform well in the Pacific Northwest. I've enjoyed how detailed the information is in regard to growing and care for each plant. It has taken a lot of the guess work out of figuring out what to buy at the nursery. My only disappointment is that it neglects to include a section on herbs, and there is only one photo for each plant. I would have like to see a photo showing each plant up close and a distance shot that shows the mature size. Photos are inconsistent sometimes showing a plant up very close and sometimes showing the full mature size. The book is also somewhat pricy compared to the similar book *Best Garden Plants For Washington And Oregon*, but the information is much more thorough.
