Twisted Roots Of Evil

Synopsis

A true story of incest, physical abuse and mental torment and how one young girl fought back! For 17 years Louise was married to this man she had come to hate. Along with her were her five innocent children. For every year of their lives they watched their father brutally batter their mother. Each of the children were subjected to one or more of the following types of abuse. Incest. Physical Beatings. Mental Abuse. Deprivation. Rape. For years this family lived in fear and in 1977 they were failed by the judicial system when they tried to escape. They were able to get away but he only got a slap on the wrist. In 1994, seventeen years later he would not walk away. During that seventeen year period he married a severely mentally handicapped cousin and raised five more children. This second family was more severely abused. Learn from this story how a police captain from a small southern town finally brought about justice for all these victims and touched the lives of both families. This is a story of survival and strength and a story for survivors everywhere.

Customer Reviews

as expected. gift for friend

This book tells the story of horrific child abuse and survival. This book should be in every school, police station, department of child welfare ect. It is sad to read of the abuse but breathtaking when you read how Susan and her sisters are survivors, mothers, productive members of society and heroes. They have broken the chain. It is hard to believe this happened in my lifetime. It makes me want to hug these ladies and tell them thank you for sharing such a personal story. Susan and her family show how love can over come anything. They are proof that the human spirit cannot be broken. Some super heroes wear capes some walk down the street beside you in everyday clothes. These girls are amazing and stronger than any super hero.

WOW! What a great book! I couldn't put it down! It was like reading my life story! I have tried to write my story but gave up, but after reading about Susan and how she made it I don't feel so alone. Thank you for having the courage to write what people need to know so it can be stopped. You are very brave!

Looking forward to the next book.

Really good book!

An abuse and incest victim as a child, Susan Kesegich struggledto understand how it could happen to herself and her sisters. Borninto a poor, rural family that often went without food, electricity and plumbing, Kesegich and her four siblings suffered extreme neglect, sexual, mental, and physical abuse with intervention by responsible adults, school, church or community agencies. Kesegich was eventually able to understand her childhood traumas and work to help other women and children through volunteer efforts at a local child abuse center and become trained as a special court appointed advocate for children. Twisted Roots Of Evil is vivid, candid, shocking, and a highly recommended testament to conditions that still persist in all too many areas of the country.

This book opened my eyes to the struggles incest and sexual abuse victims face. I felt like I went on the journey with the author. Her experiences are something everyone should read! She was a wonderful person to share her story and try to help others who may be experiencing hardship in their life!

A truly amazing book filled with so much feeling on the awful subject of abuse and sexual abuse. I

too am a survivor and was so inspired by "Twisted Roots Of Evil"and the courage that Susan shown in this book to stand up and fight for the rights of all of us victims of this terrible and humiliating crime that robs us of all of our innocence. I would buy this book as part of your healing process as I have found it to be of utmost therapy on my road to recovery. Thank You Susan and may God Bless you! Sincerely, Vivian DiGrazia
