## Customer Reviews

John Barsness, author of *Western Skies* and *Montana Time*, shares his adventures pursuing big game around the world, from Montana to Alaska, Africa to the Czech Republic. For John, the hunt is much more than the trophy. Sometimes funny, and always engaging, he shares with us the entire experience of the hunt, from meditations on the concept of "sport" itself to the adrenaline rush of the shot. In *The Life of the Hunt*, an appreciation for wild things meets the thrill of the chase head-on and blends into a harmonious philosophy. Hunting connects us to the patterns that govern our lives: life and death, past and future. Barsness says it best, "I cannot imagine an existence without a taste of the life of the game."

The single best hunting book we have read this year has to be *The Life of the Hunt*. Barsness is sane and clear-sighted, and often very funny--his tale of the come-uppance of a snooty New Yorker in the Arctic will make you laugh out loud. And he still writes like a poet: 'Horns like that are not just large; they are the symbol of everything wild in North America--or maybe I should say all that's still wild in any of us--bighorn, tree, human--who endure life on this hard, indifferent and fragile planet.' --

Excellent!

A life changing tome.

Added it to the shelf of books I reread every hunting season, especially if something prevents me from getting out myself.
