Astro-INKLINGS - Zodiac Colouring Book By Tanya Bond: Coloring Book For Adults And Children Featuring Inkling Girls In Zodiac Domains Of The Astrological Signs They Represent. (Volume 4)

Synopsis

Astro-INKLINGS coloring book for adults, teens and children. - It features 2 sets of 12 hand drawn illustrations - inkling girls in zodiac domains of their astrological signs - by artist Tanya Bond . Being single sided helps to make sure that the medium doesn't bleed onto the next design through the page. However I still recommend using a sheet of card under the page when you are colouring. - Please note that createspace paper is medium to thin. If paper thickness is important to you please seek for artist edition of this book on etsy (which is more expensive). - In this book you will find two sets of 12 signs: Aries, Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius and Pisces. Each portrait is accompanied by flora and fauna associated with the sign it represents. Symbols of ruling planets of the astrological signs are hidden within inklings' jewels, tattoos or costumes. You can see all the signs on Tanya's Facebook page - I recommend using prismacolor colored pencils, polychromos coloured pencils, Marco Raffine, Inktense. Use promarkers/copics/sharpies and other markers just for small touch ups as well as gel pens (use sheet of card under the page you are colouring) Join "INKLINGS colouring club" group on facebook to show your coloured inklings and see what others are doing:) Enjoy your INKLINGS colouring adventure!

Astro Inklings is absolutely beautiful! You get 2 copies of each of the 12 zodiac signs, all done in Tanya's Inkling fashion. Each girl has been drawn to represent the sign. For example, the Taurus

(sign of the bull) girl is wearing a cap with bull horns and the Gemini girls are twins. (see pics I've enclosed) As usual with the Createspace paper, I always have something underneath the page I'm working on. If you liked the 1st 3 Inklings books, you'll love this one!

I love these books! So many of my books have pages that take days for me to color because they're so intricate, but the Inklings pics color up quickly and still look beautiful. I took off a star because the paper is thin, but my pencils take to it nicely, and they are single-sided. I've heard that you can get nicer paper if you buy from the artist's Etsy shop. I bought this book because I loved Inklings 2 so much and this doesn't disappoint. Please note that there are 2 copies each of the signs of the zodiac, so 24 pages to color, but only 12 different images. If you enjoy coloring fantasy pictures of women, you'll love this book!

Tanya Bond books are always GORGEOUSLY done!! Just beautiful... this is yet the best one

It's no secret I'm a fan of Tanya Bond's art but this book is her best one so far. The pictures are spectacular and are spot on for each individual zodiac sign. For example, I'm a Scorpio and everything about that picture screams Scorpio from the look on the Inkling's face to the stormy skies. There are 2 of each picture in this book so you can color them two different ways or share with a friend. These pictures are going to make excellent personalized framed birthday gifts, which is what I've chosen to do with them. Great value! Superb artwork! Oh, and they are single sided so if you want to color with markers like I do then a sheet of cardstock behind the image will prevent bleed through. Now I need to get back to coloring!!

Tanya Bond never disappoints! I love her artwork and these AstroInklings are just fabulous! I have another of her books and want to get the rest of them! Excellent book with beautiful Inklings to color with every astrological sign! I recommend ALL her books!

This is a beautiful coloring book. I have all her coloring books, the sketches are fantastic and gives you the freedom express your inner artistic into the images and have it come to life. I would have given this book 5stars if the paper quality is better.

Was a little disappointed to see that the images are duplicated. So there is one image for each sign but then they just reprinted it twice so rather than getting a book full of options there are duplicates. I

don't like recolor ingredients the same pictures once I've colored them. Maybe it's just me. The pictures are pretty though.

This book had beautiful pages that just make you want to color. Started in the book the same day I received it and have worked on it every day since.
