Synopsis

Heavenly body: The rise and rise of Gisele BündchenBorn in the Brazilian countryside, and nearly six feet tall by the age of 14, Gisele Bündchen grew from humble roots into the most successful supermodel in the world. This book celebrates her 20-year milestone in the industry with a unique and spectacular collection of jaw-dropping glamour and intimate, personal insights.Gisele was just 18 when she made her breakthrough in the S/S 1998 ready-to-wear "Rain" show of Alexander McQueen, who chose "The Body" thanks to her ability to walk in towering heels on a slippery runway. The same year, Gisele secured her first British Vogue cover, and swiftly became the most in-demand cover girl of her generation. The following year, she was chosen for the cover of American Vogue, shot by Steven Meisel, and lauded as "the return of the sexy model" with her bronzed, athletic beauty defying late-'90s grunge. Since then, Gisele has appeared on more than 1,000 covers around the globe, in approximately 450 fashion shows, and in multinational campaigns for the biggest fashion and beauty brands. With more than 300 photographs, this book is curated and art directed by Giovanni Bianco. From Gisele's legendary nude portrait by Irving Penn, chosen as the book's cover, to iconic shots from such industry luminaries as Steven Meisel, Mario Testino, Peter Lindbergh, David LaChapelle, Juergen Teller, Inez & Vinoodh, Mert Alas & Marcus Piggott and Corinne Day, it is a unique artistic presentation of the most famous Brazilian export together with Pelé and Senna and the highest-earning model in the world. The breathtaking image collection is accompanied by an introduction by Steven Meisel and tributes from Gisele's closest friends, family, and fashion leaders, who shed light on how and why she has become one of the greatest models of all time. First published as a limited edition "soon available in a popular TASCHEN edition! Gisele is donating all her proceeds from the book to charity.

LOVE IT!!!

Fantastic

Beautifully shot and laid out fashion photography. Gisele is without a doubt absolutely stunning. There is tasteful nudity throughout the book but it isn't graphic. For those looking for half fashion and half nude book or softcore porn look elsewhere. The book is bigger than I expected, weighing in at a hefty 10.5 pounds. Quality is superb. The dust cover that protects the book is thick and almost looks like it is part of the book. The spine is very sturdy and you don't feel like you're going to rip the book while picking it up or turning the pages. I thought the price was superb for the quality. I have seen lesser quality books of this size that cost twice or three times as much. Don't hesitate. Purchase this book and let the beautiful, heavenly eye candy that is Gisele take your mind away.

I finally got my copy today. At first I was bummed to see this book listing for over 2 grand, glad i waited to get it off for under 100 dollars. The pictures are stunning one of my favorite models

Fabulous book of pics of Gisele. Also one of the heaviest books I've ever ordered or read. This book is HUGE! Not an autobiography more like her life in beautiful pictures.

Good book
