Alena Lazareva. alenalazareva.com . Digital artist and illustrator. I have been drawing since childhood. I studied at the School of Art as an artist. In digital painting I like Fantasy stile. I like to represent fairies, angels, mermaids and mystical images. My artworks are published in magazines of different countries (England, Australia, Italy, Russia) : Photoshop Creative, ImagineFX, Advanced Photoshop, ArtBook Digital painters, Amazing Events, Hugl, Photoshop Projects, Visual Arts Illustrated, CGArena, Dark Valentine.

The pictures in this book are very pretty and feminine with lots of dresses and lace. They are very clear and realistic. I use the Grayscale coloring books to teach my self how to shade with coloring pencils. The shading is already there for you to follow, and I find this a fun way to teach myself how

to further my skills as an artist.

This is another of Alena Lazareva grayscale coloring book. Its wonderful to color. Each is unique. The paper quality is good and so is the grayscale. Not so dark that it is hard to color. I used colored pencils for my medium. gel pens for accents.

Really pretty pictures. I finished it in less than a week. Wish there were more choices.

Artwork was just okay and the paper quality is not the best. Maybe not for a beginner like me but for someone who's more skilled.

Paper is thin. Illustrations are okay.

Beautiful artwork but as others have said, the paper is thin and not high quality. I've thoroughly enjoyed the book but for the price, they could use thicker paper that is better for keeping your finished pictures.

Beautiful pictures to color! So different from most of the adult coloring books out there.

love it, my first in the gray shaded coloring but really like it
