Rebel Fleet

Synopsis

They hunt us. They bomb our worlds for target practice. A star cluster in the constellation of Orion rotates once every 1,000 years. Those who rule there have an ancient tradition: When each cycle ends, they train their fleets by spilling the blood of lesser beings. The enemy fleets are coming again. In response, the Rebel Worlds gather their starships to face the terrifying threat, and this time humanity is asked to stand with them. The last time they considered Earth, Vikings in longboats were raiding English coastlines. Today, we're less primitive. Today, we're a target. One man is chosen to command Earth's single ship in the Rebel Fleet. When the war breaks out, Leo Blake must win it...or die trying. "Classic B. V. Larson. This book grabs you by the plasma cannon and won't let go. Fast adventure, fast action - and I loved the space-battles!" - S. Arthur

Book Information

Audible Audio Edition

Listening Length: 10 hours 49 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Audible Studios

Audible.com Release Date: December 13, 2016

Customer Reviews

Over the time I had become a BV Larson fan. The books are easy to read with great imagination and funny characters and stories. I started the Rebel Fleet after finishing Home World and I am enjoying it a lot. I recommend this to any space fan.

Story really drew me in and was a real pleasure to read. Plenty of action and great character development.

Interesting plot, exciting action, very good writing that is easy and fun to read. I thoroughly enjoyed

this book and am eager for the next one.

I stayed up until 3am reading this book even though i had to get up at 6am to work. The best part about this book is the unique ideas and concepts he uses that i haven't read in other books and he does them well. Great fun to read.

First person is a little different but this book had many different elements in it. Aspects of traditional military space opera along some initial men-in-black stuff and a little bit of prometheus. I would definitely give it a shot.

The story sometimes wanders but all in all a very good read. The ending leaves you wanting more.

I really enjoy this author and series. It is well thought out.

This new series was quite a page turner. Excellent ending with no cliffhangers, (Although we know more is on the way.) Thanks Mr. Larson for all that you do.
