## Customer Reviews

Absolutely fabulous workbook. Straightforward presentation of the material in the book. The exercises contain, fill in the blank, multiple choice, short answer, patient scenarios, crossword puzzles and more. Complete the exercises and you will be ready for any test in the Basic EMT course. As a Nursing professor, I can honestly say, this is a "must have" tool for completing the EMT course.

Questions straight out of the book, useful as a study guide or a benchmark of where you are at the end of a chapter. The answer keys at the back are simple and clean, which is great. Incredibly useful asset to have

Great tool for studying for EMT-B. Especially if you like to review your knowledge by taking prep

tests.

Great book.

better price than most. quick shipping with Prime.

Got me through class. Wish instructor would have followed it a bit more

Helps a great deal with my studies. Fantastic purchase!

Need for class
