Latina Legacies: Identity, Biography, And Community (Viewpoints On American Culture)

Synopsis

Spanning two centuries, this collection documents the lives of fifteen remarkable Latinas who witnessed, defined, defied, and wrote about the forces that shaped their lives. As entrepreneurs, community activists, mystics, educators, feminists, labor organizers, artists and entertainers, Latinas used the power of the pen to traverse and transgress cultural conventions.

Customer Reviews

"Latina Legacies is a marvelous addition to the American Studies literature documenting the lives of exemplary Latinas as diverse as Luisa Moreno, Carmen Miranda, and Teresa Urrea. Telling the stories of women of various classes, of hybrid racial identities, of diverse political engagements, and of complex romantic proclivities, this book is a gold mine of information for teachers and students alike."--Ramón A. Gutiérrez, University of California, San Diego

"One of the most comprehensive looks at the intellectual, social, and cultural development of Latinas in the nineteenth and twentieth centuries. It is a must-read for every student and reader who is curious about the rich legacy of Latinas who have made history through reform, transgression, and policy making."--Maria E. Montoya, New York University

Vicki L. Ruiz is Professor of History and Chicano/Latino Studies at the University of California, Irvine
Virginia Sánchez Korrol is Professor of Puerto Rican and Latino Studies at Brooklyn College. They

are the co-editors of *Latinas in the United States: A Historical Encyclopedia* and were both named *Latina Magazine Woman of the Year in Education* in 2000.

My daughter loves the book!!! And now we have more conversations because she wants to tell me about what new things she has learned about these extraordinary Latina women!

The articles are well written, though some of the major Latina groups are iunderrepresented

I was excited to get this for my daughter and I figured I'd read it while she finished the one she was currently reading. I couldn't get into the book it was just too repetitive you would read one thing and two paragraphs down in different wording you're reading it again, I was disappointed.

This book is filled with fascinating histories of amazing women! It's wonderful to read the history of another ethnic group and compare it to the US History. I found myself even more empowered, intrigued, and inspired!

let me know when my package was mailed out and when it was expected to get here. it felt like the book took forever to get here because i needed it this semester but i got before we used it in class. everything was great.
