Numerology & Winning The Lottery *Cracking The Code*

Synopsis

Numerology & Winning The Lottery *Cracking The Code*. By Rowan Kelly. The question is: Is it possible to win smaller jackpots in the lottery consistently? The Author reveals experiments using the power of Numerology and The Number 8, and her own lottery playing strategy, to try and achieve the best, most consistent financial results. She has had some favorable results using this playing method, and is now sharing her secrets with you. While there is no guarantee of absolute lottery wins, this ebook will no less be revealing in its ideas and strategies. This ebook is 7 pages long and contains information not found in any other lottery book, as per the research of other books that I have done. (c) Susan Miller 2009 all rights reserved. Customer Reviews

Very, very lacking of any details. Discusses what he was thinking while driving down the road.

Probably as useful as any other book on the subject. I've won the Pick 3 jackpot twice. Both times the numbers were quick picks. All the strategies I tried were not successful.

Good idea. Definitely worth a dollar or two! I'm going to try this concept tonight. Book is short sweet and to the point.

Doesn't really give you any detailed ideas on how to win or the code to crack.

That was about 1 of the dumbest book I read for lottery. I was very disappointed. Sure couldn't nothing out of it at all

Interesting idea! Not sure if it will give you the winning numbers though. Good Luck for trying.
