Judith Hipskind Collins has had a life-long interest in ESP, graphology, palmistry, astrology, numerology, body language, the paranormal and parapsychology, and more. Her path has included work with Dr. J. B. Rhine and psychologist Dr. John Geier at the University of Minnesota, as well as a correspondence with author Anais Nin. Her books include *Palmistry: The Whole View* (1977), *The New Palmistry* (1993), and *The Hand from A to Z* (2005).

Covers quite a bit on the subject but still manages to leave some important information out. Will need a supplementary book.
