Table Manners: How To Behave In The Modern World And Why Bother

Synopsis

An authoritative and witty guide to modern table manners for all occasions by one of the world's most acclaimed chefs and restaurateurs Table Manners is an entertaining and practical guide to manners for everyone and every occasion. Whether you are a guest at a potluck or the host of a dinner party, a patron of your local bar or an invitee at a state dinner, this audiobook tells you exactly how to behave: what to talk about, what to wear, how to eat. Jeremiah Tower has advice on everything: food allergies, RSVPs, iPhones, running late, thank yous, restaurant etiquette, even what to do when you are served something disgusting. This charming audio guide is your Strunk & White for navigating our cosmopolitan age with confidence and good taste.

Customer Reviews

This book does a great job of reminding you how to be a good host or guest, and also touches on subjects that I never thought of. He talks about when it's appropriate to re-arrange the place setting if you're left handed, how to handle a hole in your clothes, what to do if you lose a button, and what appropriate attire is. Not sure how to eat soup, spaghetti, or lobster - he covers that too. Read this book before you bring a bottle of wine or bouquet of flowers to your next dinner party. This book is great for anyone wanting to an easy-to-read (and funny) guide on how to behave in polite society and earn the respect of your peers and elders. A must read before graduating from any level of school. This will help you look your best at a business dinner, formal event, or gathering with friends. Manner's matter because it's the language we use to show respect and earn respect.

Wonderful reading and very sensible advice. Should be required reading in schools. Being considerate of others is a lesson that we all need to remember. This book is as humorous, elegant and distinguished as the author himself. Bravo and thank you, Jeremiah Tower.

A must have for every business, host or hostess and guests. Completely practical and contemporary, Tower answers those itchy little questions with humor and style as a roadmap to quiet good manners. This is my holiday stocking stuffer for my nearest and dearest. In the meantime, its a fun and funny read for everyone else.

Amusing and fun.

Just delightful

Short and useful.

What an absolutely essential reminder to avoid the modern drift to louche, lazy behavior so often improperly excused as "casual". Thanks to Mr. Tower.

Table Manners is a quick and fun read. It is decidedly 'unstuffy' and perfect for someone who needs to know the basics.
