## **Customer Reviews**

Leslie Pina, Ph.D., is a well-known authority and author of numerous books on twentieth-century decorative arts and design.

My wife is a nativity collector and I thought the book would be a nice gift for her. I was disappointed by the overall quality of the book. The online description definitely embellishes the value of the cultural context photos and information associated with the nativities. I returned the book.

I like the inclusion of location photos.

Beautiful pictures - lots of different countries

This is a beautiful book with only part of Emma Lincoln's extensive collection. The photographs are stunning and each creche is described and the origins identified.

Neat. Thanks.
