Meet Baby Morgan: A New Mother, A New Home And A New Neighbour With A Sizzling Secret. (Clara Andrews Book 5)

Synopsis

Clara is back! It's fair to say that pregnancy hasn't been the joyous journey that Clara had anticipated. Extreme morning sickness, swollen ankles and crude cravings have plagued her for months and now that she has gone over her due date, she is desperate to get this baby out of her. With a lovely new home in the leafy, affluent village of Spring Oak, Clara and Oliver are ready to start this new chapter in their lives. The cot has been bought, the nursery has been decorated and a name has been chosen. All that is missing, is the baby himself. As Lianna is enjoying new found success with her interior design firm, Periwinkle, Clara turns to the women of the village for company. The once inseparable duo find themselves at different points in their lives and for the first time in their friendship, the cracks start to show. Will motherhood turn out to be everything that Clara ever dreamed of? Which naughty neighbour has a sizzling secret that she so desperately wants to keep hidden? Laugh, smile and cry with Clara as she embarks on her journey to motherhood. A journey that has some unexpected bumps along the way. Bumps that she never expected... This series just keeps getting better. This is a fast paced, fun read with lots of different threads. A move to the country, new friendships, trying to keep track of old friendships - oh and a new baby. My favourite thing about this series is that it's about life - ordinary, everyday, sometimes mundane and often chaotic life and it is never clear than in this story. Life isn't perfect - all the characters have their own issues and don't always handle them in the best manner. Our judgement can be clouded by the simplest of things and there are times when we don't see what should be obvious. Such problems make for an interesting tale and, I was hooked right 'til the end. A great read.

The Clara Andrews books are good for a quick, light-hearted read, nothing too substantial but they are entertaining. I do look forward to the new ones coming out and the author does a good job keeping the reader engaged. You can't help but love all the characters from Janie and whatever outrageous activities she has planned, Clara and her obsession with describing foods/wine, Oliver's overall good nature, and her friends both new and old. These stories show how sometimes real life is trivial and people are not always to be trusted, and that sometimes we jump to conclusions. Most of the time I read these throughout the day and have them done in either 1-2 days.

this book is one about how people in England do things differently and the difference in class makes them have a way of life.

Great book

When life is hectic my therapy is turning on the bed warmer with a sweet book. Clara has become a new friend. Easy reading and just what is needed to fall into a relaxing sleep. I've read them in order so I'm watching Clara mature and learn necessary life lessons. I look forward to the next edition.

This was so good. I honestly feel as if I know the people in this series. Very sad because I'm now on

book 6 out of 7, at least 8 comes out in September!

This was my favorite "Clara" story so far. She is growing into a lovely young woman. The story was real life and highly relateable with a few twists that I did not see coming. Starting the next one tonight! Very enjoyable easy read.

I love this series. It's a no thought, easy read. It's relaxing and I'm going to really miss the characters when I'm done :(.
