DEPOSITION PREPARATION - For All Cases, In All Jurisdictions (Know Your Legal Rights)

Synopsis

This book is the standard used by attorneys all over the country to prepare a client to be deposed, and most major law firms maintain several copies in their law libraries, to be given to clients - thereby saving lawyers time and clients money. There is no complicated legalese in this book: it is designed for ordinary people to read, and covers the most important things that any person being deposed should know about how to prepare, how to behave during the deposition and how to (and how NOT to) answer questions posed by the deposing attorney. Every client being deposed should have a copy of this book handy to review from, before going in the conference room and having the deposition taken.

Book Information

File Size: 433 KB

Print Length: 58 pages

Publisher: Magic Lamp Press; 1 edition (March 11, 2008)

Publication Date: March 11, 2008

Sold by:Ã Â Digital Services LLC

Language: English

ASIN: B0036TH3HU

Customer Reviews

This book provides some excellent discussion and examples of how to follow the basic rules for testifying at a deposition: (1) tell the truth; (2) answer only the question asked, and be brief about it. These rules seem simple and seemingly easy to follow. The book provides good illustrative examples of how witnesses commonly violate them. Hopefully you can learn from the mistakes of

others. I think the author unnecessarily throws in too many of his own old "war stories." Though entertaining, they aren't always helpful. His discussion about the duties and statutes applying to court reporters seems to serve no purpose. His occasional advice to attorneys seems out-of-place. Though short, this book could be shorter and just as effective. Overall, however, this book has much to offer as an educational tool for a deposition witness.
