Stick It!: 99 DIY Duct Tape Projects

Synopsis

Duct Tape: Dream designer material or simple adhesive used for binding purposes? Thanks to Stick It!, duct tape will become a valuable commodity in your house now that it can be coaxed into wacked-out wallets, wild wearables, punked-out paper goods, and funky jewelry that will bedazzle any outfit fit for all occasions! This invaluable guide—complete with folders and step-by-step directions—will lead you through 99 different craft projects so youÃ¢â€”ll become your own ‘DTÃ¢â€”c aficionado. Each project is leveled from: “Dude, my five-year-old sister could do thatÃ¢â€” to “DonÃ¢â€”t even think about operating heavy machinery.Ã¢â€” Told in an accessible “teen-speakÃ¢â€” language hip tapesters will love, and reminiscent of Stitch ‘N Bitch and The Big Bad-Ass Book of Crafts, this book is appropriate for the new generation of cool and funky hand made craftsters. Read, unroll, and express your rockinÃ¢â€” self through creativity and, of course, duct tape!

YA Book Nerd blogÃ¢â€”Great for crafty people, people interested in fashion, or people who love duct tape!Ã¢â€”Crafty Princess Diaries blogÃ¢â€”Ã¢â€”a wonderful kidsÃ¢â€”c book, for big and little kids, too. If you have a crafty youngster on your holiday gift list or want to stash this for a birthday surprise, I am giving Stick It!: 99 D.I.Y. Duct Tape Projects a thumbs up.Ã¢â€”CraftGossip.comÃ¢â€”Lots of fun, very easy to follow. This is a great guy craft book

too (and those are impossible to find). You should definitely get  in this book.--This text refers to the Flexibound edition.

T.L. Bonaddio is an artist, writer, and currently an Associate Editor in book publishing. After growing up in the locale home of the TV show The Office (aka Scranton, PA), she moved to Philadelphia, PA, where she graduated from The University of the Arts with a BFA in Printmaking/Book Arts, and currently resides there with her Duct Tape wares. RP kits she has penned include Itty Bitty Love Notes, Whomp It!, Night of the Living Duckies, Magnetic Cubism, and Pumpkins by P.Casso. Having trained all of her life to  this is her first DIY book.

I purchased these books for my nieces. I had shown them the possibilities of duck tape and I knew a young woman author had written this book so I got it for them in the hopes they may be inspired like the author. It is a very interesting book. Also I would like to let customers know that you can purchase styles of duck tape at Wall Mart for \$3.37 per role as opposed to  per role.

We received this book as a gift a couple years ago and since then, we have bought it for my daughter's friends for their birthdays. This book plus a couple rolls of colorful duct tape are a great gift for the 9-12 year old age range. The illustrations are terrific. The instructions are wonderful. This book is the best duct tape instruction book around.

Lots of great ideas. Quick delivery.

I purchased this for my baby sister (14). She's been making duct tape wallet and flowers for years. I thought I might help her up her anti a little. She's going to love this. It has so many great projects for her to try. This book is also much thicker and has more detail than I anticipated. It arrived on time and in great condition.

I purchased this as a gift for my 12 year old niece. She loves duct tape and eagerly began several of the projects she found in this book! It was a most excellent gift!

This book is chock full of ideas, but I purchased it for a pretty handy 10-year-old boy who makes a lot of stuff with duct tape (and Duck tape). This book is too complicated for him, but he gets ideas

from looking at the photos (which would have been a lot easier to understand if they had put hands in the pictures).

I purchased this for my step daughter for christmas. She loves it! She's 11 and has been really into duct tape lately. The book is so big. It has more pages than some of the novels she reads. She spent her entire holiday break making different things she learned from the book.

I liked it but my stepson used it maybe twice. I don't think he even made anything with it. He was about 10 when purchased.
