Who Was Alfred Hitchcock?

Synopsis

Known as one of the most influential filmmakers of all time, Alfred Hitchcock's unique vision in movies like *Psycho* and *The Birds* sent shivers down our spines and shockwaves through the film industry. His innovative camera techniques have been studied for decades and his gift for storytelling cemented his place in history. Many directors make great movies, but the genius of Hitchcock helped make movies great. Learn how a chubby boy from London became the "Master of Suspense."

great

These Who Are...? books are wonderful for kids.

My 8yo is a big history buff. He loves who was and who is books. It's at the correct reading level for him. The best about the book is that my son got to know about Hitchcock's films.

This is hard to review. It's not quite a "For Dummies" book - it's more like a "For 11-year Olds". It is a decent biography, but written for grade-schoolers. For that target readership, it's probably great; but I thought it was an adult-level biography. I got it for a 16-year old friend who is very interested in cinema - but it reads way below their age level, and I'm sort of embarrassed to give it to them.

I did not know Hitchcock was so funny. The book was most interesting. His movies were certainly thrilling. Read. This.

good

Brings back memories for oldies like me! Great to get the personal information into his life not seen before, at least by me. Good job.
