Customer Reviews

This is an English publication, but we can relate all the same (except for having to convert English pounds into U.S. dollars). I will take one of each item in the catalog, please! (wishful thinking). Wish there were more catalogs available to peruse, like this one, and enjoy the early part of the century up through the 1970's with gifts available at those times. I remember as a kid looking through the Christmas Catalog (a huge Sears or Montgomery Wards, maybe even J.C. Penneys) and "marking" each thing I would like with a magic marker. And how disappointed I was when I did not receive ALL I had marked! haha!!! The upsets of childhood ;) Anyone who likes looking at the popular items of the time will enjoy this catalog.

Not only will this book bring back very fond memories of days gone by it will also give the reader a good insight into what the department stores were like in that era. If you love nostalgia you will enjoy this book as I did.

A lovely peek into Christmas in 1939 England
