# Berlin: Portrait Of A City

## Synopsis

The spirit of Berlin: A photographic journey into the cityâ™s history â Berlin has survived two world wars, was divided by a wall during the Cold War, and after the fall of the wall was reunited. The city emerged as a center of European power and culture. From 1860 to the present day, this book presents the story of Berlin in photographs, portraits, and aerial views. With 560 pages of emotional, atmospheric images, from giddy pictures of the Roaring Twenties to devastating images of war to heartwarming postwar photos of a city picking up the piecesâ "the Reichstag in ruins and later wrapped by Christo and Jeanne-Claudeâ "this is the most comprehensive photographic study on Berlin ever made. Among the photographs are works by Henri Cartier-Bresson, Helmut Newton, RenÃ© Burri, Robert Capa, Thomas Struth, and Wolfgang Tillmans as well as well-known Berlin photo-chroniclers such as Friedrich SeidenstÃcker, Erich Salomon, Willy RÃ¶mer, and Heinrich Zille (an index of photographers&#39; biographies is also included). Quotations from Berliners and Berlin connoisseurs such as Vladimir Nabokov, Alfred DÃ¶blin, Herwarth Walden, Marlene Dietrich, Billy Wilder, Willy Brandt, Helmut Newton, Sir Simon Rattle, and David Bowie give voices to the imagery. More than a tribute to the city and its civic, social, and photographic history, this book especially pays homage to Berlinâ™s inhabitants: full of hope and strength, in their faces is reflected Berlinâ™s undying soul. â Text in English, French, and German

## Book Information

Hardcover: 671 pages

## Customer Reviews

Also included: an index of photographers&#x92; biographies.

Hans Christian Adam works as a photographic consultant in Göttingen. He has published many articles and various books on photography, including TASCHEN's Edward S. Curtis: The North American Indian and Atget's Paris.

When I saw this book on .com I had to have it. I've enjoyed every minute and it takes a long long time for each page. It's my go to book for my memories of Berlin in 2002 with my translator leading the way.

Superbe - made me homesick

Another excellent review of a major city by Taschen. Huge book packed with excellent historic and current photos. A must for lovers of this renewed city.

Super oversize book of Berlin history. One of the best from Taschen.

This is a fantastic collection of photos of Berlin, spanning nearly 150 years. The endpapers give a map of the city as it was divided by the Berlin Wall. I purchased this book as I was reading a book about the Berlin Wall & this was a fantastic visual supplement to that book, as it would be to many other books about Berlin throughout history. Whether you are interested in the period of the Weimar, WWII, divided Berlin/Cold War era, or earlier periods, there are probably a few photos you've not seen before.

As one who lived in Berlin during several interesting historical periods, I find this book excellent! Thoroughly recommended!

Fantastic book-documentary style images tell a story of the respective period. Great reading to accompany the images. Highly recommended.

For those of us who have known Berlin from the erection of the wall and have been there a lot this is a superior volume!
