Customer Reviews

"Each book stands alone, but as a set, the overlapping elements of each form a powerful and engaging way in which children can substantively learn about the war." -- Civil War Book Review (Spring 2002) "Excellent color and black and white illustrations, maps and photographs are found throughout each volume." -- School Library Journal (April 2002) "Volumes have relevant sidebars, illustrations, reproductions, and photographs." -- School Library Journal (April 2002) (School Library Journal)

Bought this book as a gift for my father--I was surprised when I received it, that it appears to be more of a children's book. I probably should have read the description better. Thankfully, he still loves it!

Students book not as informative as anticipated.
